Experience

Sheryians Coding School

Intern

- Worked with experienced software engineers.
- Assisted in creating educational programming content.
- Learned modern development workflows and industry practices.

Projects

Moodcut Studio – Video Editing Portfolio Platform [GitHub | Live]

May 2026

Next.js, TypeScript, Tailwind CSS, GSAP

- Developed a premium portfolio platform for showcasing video editing services and projects.
- Built responsive and interactive user interfaces for desktop and mobile devices.
- Implemented smooth animations and transitions using GSAP to enhance user experience.
- Optimized website performance, accessibility, and overall engagement.

Advanced E-Learning Platform [GitHub | Live]

Jan 2026

MERN Stack

- Built a full-stack learning management platform for students and instructors.
- Developed course enrollment, content management, and progress tracking features.
- Implemented secure authentication and role-based access control.

Employee Task Management System [GitHub | Live]

Dec 2025

React, Node.js, MongoDB

- Developed a task management system to streamline employee workflow and collaboration.
- Created dedicated admin and employee dashboards with role-based functionality.
- Built REST APIs for task assignment, tracking, and status management.

Education

St. Columba's College, Hazaribagh

2024 - Present

Bachelor of Computer Applications (BCA)

Higher Secondary (PCM) — 84.29%

Matriculation — 89.90%

Achievements

- Built a YouTube channel with 103,000+ subscribers.
- Qualified JEE 2024.
- Active learner of Data Structures and Algorithms.
- Full Stack Developer and Content Creator.
